Beloved Co-laborers,

Greetings in Christ's wonderful name!

We are sending you an update of our ministry as well as of our family. You will probably notice the changes of the last family pictures we have sent a couple years ago. Children have grown and have taken some important decisions in their lives. Gabriela our youngest is going to 9 years old this coming August and she is now fourth grade and Gisele is thirteen, and now in second year high school.

**Ella, Mario, Gabi, Jon, Steve and Gisele**

We have been in charge of one of the Bible School here in the Philippines for three years now. Last month we had our graduation. There were seven of them that finished. Two of them will proceed to take another college course but at the same time take part in campus ministry while the other five are now ministering in the churches. This is the third time we have witnessed and have taken part in the graduation rites and yet there is always still great feeling of excitement seeing men and women leaving the campus entering into the field to become servants of God in His great harvest field. Mostly with no promised of any amount from the church as to how much they will be receiving but rather an answer to the call to service.

Agus M. Marpaung is one the graduates this year. He came from the island of Sumatra Indonesia. We sponsored him in his study here in the Philippines. Now he went back to serve the Lord in Indonesia. He is a very gifted young man. He plays several musical instruments, sings & loves teaching and preaching. We are planning to send him to work in one of our congregation in Kalimantan bordering Malaysia and Indonesia, and see the possibility of developing the ministry in Tawao, Malaysia. He needs our prayers and financial backing.

Jonathan our eldest son will turn 21 this coming September. He is leaving to go to his internship. We are planning to send him to Indonesia and maybe work with Agus in Malaysia. They both speak English, Cebuano and Malayu. Jon likes to play guitar and love to teach and preach. At present he is the vice president of the National Grace Youth Organization in the Philippines. Please pray for the financial needs for transportation and monthly allowance

Daily Vacation Bible Schools.

Steve our second son just turned 18 years old last month. He spent one year in the Bible School. He likes to play basketball, guitar, and drums and is learning how to preach and teach. This summer he is helping the young people in Davao City conducting

We are grateful to God for giving us friends who are faithful in standing behind us in the ministry for all these years.

With you in the ministry,  
Mario and Ella Indino
