

September 2018

Dear Beloved Brethren in the Lord,

Greetings through Christ's precious Name! We would like to express our heartfelt thanks to all of you who support us financially and through prayers. We left Brazil March 1st for the Philippines to make a short survey of a new field of ministry in East Timor and at the same time attend the Things to Come Mission-Philippines 60th Anniversary.

We arrived in the Philippines March 4, and the following day we traveled to East Timor for a week-long survey with TCM-International Director Ben Anderson and my nephew, Pastor Aaron Arsino. Our tourist visas were only good for 7 days. We found out it is hard to get long term visas to stay in East Timor.

are Tetun and Portuguese. Few people we met could speak English. The country's currency is US dollars and the cost of living is high. Roads and transportation are undeveloped, with old cars used as taxis in the city, running 20-30 miles per hour.

*Surveying Dili*

East Timor is a small country located in Southeast Asia with a population of a little over a million. The capital city is Dili. Their official languages

are Tetun and Portuguese. Few people we met could speak English. The country's currency is US dollars and the cost of living is high. Roads and transportation are undeveloped, with old cars used as taxis in the city, running 20-30 miles per hour. Sometimes when we got in a taxi we could not open the door from the inside and had to roll down the window and open it with the outside handle. Some taxis had wires tied around the door to keep it from falling off. Other taxis attract passengers by adding some rare decorations. One of the things that attracted us is that East Timor has good quality rice and coffee. The Timorese people are hospitable and really in need of the gospel. It's a nation dominated by Roman Catholicism. We do not have any contacts yet but believe the Lord will open a door of spreading the gospel of the Grace of God. Please pray for our plan to move to that small nation.

*Market in East Timor*

We have been back in South Brazil since May 31st. It was really cold here until the first week of September. We have our weekly Bible studies and Nene also has a weekly Bible study for women. Last month Nene had a vertigo problem. Praise the Lord, she is doing fine and feeling well after receiving medication.

I am teaching one of our Bible school students twice or sometimes three times a week so he can finish his biblical courses. Each meeting lasts three hours or more. He is really willing to be used by God wherever the Lords leads him. His name is Thiago Nieverth. He is married with two little children. Please pray for him.

*Warmly dressed for breakfast in our typical unheated Brazilian house*

*Gomer & Nene  
Indino*

Another ministry is in Praia de Leste. It is a new area of church planting, and we already have a piece of property where we can build a church. Last week we put a fence around it. Our plan is to start the church construction in November 2018.

*Luis &  
Ester  
Brizola*

Pastor Luis Brizola and his wife Ester are leading that ministry. The house we rented for them in that area was robbed last month. They lost about \$1,100. Even their bicycles they use for visiting and means of transportation for evangelism were stolen along with many other things.

Any financial help for Praia de Leste and the Brizolas is welcome. Just send it to the TCM Missions office and kindly designate it to South Brazil—Brizola. We already received a gift of \$450.

Our Annual Conference of the Grace churches here in South Brazil, originally scheduled for October 26-28, was moved to November 23-25 due to Brazil's presidential election. I will be speaking the last day of the Conference.

Again we want to express our heartfelt thanks to all of you who are praying and supporting us financially for the ministry here in South Brazil.

May the Lord richly bless us all.

*Gomer and Nene Indino*
