

January & February 2012

Our Beloved Friends,

What a memorable 2011! We want to send our thanks and appreciation for your help in reaching out *to the regions beyond*. 2011 has been a very good year with progress on all fronts. The Lord blessed us as a Mission exceedingly - abundantly - above all we could ask, providing the needs of the Mission and the Missionaries. Here are some exciting examples:

- Celebration for Pastor Carlos Adrales' 3-way bypass surgery in Manila, all paid for...
- Tim & Judy Heath's entry into the Malaysia field in June with growth already...
- 1st ever Vacation Bible School in Buddhist Cambodia-80 kids heard of Jesus...
- Padayags taught in 3 campus ministries in S. Africa & opened GBBS Bible School...
- Accreditation of Gateway International Academy in Istanbul, Turkey...
- Services begun in the new tent church in Muyenga, Uganda...
- Ben & Joyce to 5 SE Asia nations, ministering and planning for future TCM work...
- New addressograph machine purchased for the office that whizzes out letters...
- Board Chairman Doug Cox thrilled to his visit for the Philippines Conference...
- Weekly 200 kids study martial arts & Bible with Bob Xavier in Tampa Bay, Florida...
- Mission exposure at conferences in Alabama and North West USA...
- Reaching two English language study programs for university students in Thailand...
- Opening for Guimbas, into a closed country desperately needing the Gospel...
- Four Bible Schools with graduates ready to serve in Philippines & perhaps abroad...
- Improsos safe arrival in Kenya after leaving 2 daughters in college in Philippines...
- Major victory in South Brazil MCP Annual Conference with hope for expansion...
- New church plants all over the world !!!
- Many others too many to mention - thank You, Lord! Thank you, Friend, for praying!

Now we face 2012 with great expectations as we *serve from the heart...at the leading of His Spirit among us*. We want to step forward into more open doors for TCM: evangelization, church planting, and training for ministry partners. Our hope is for you to continue standing by. We need each other!

Thankfully yours in Christ,

Vernon D. Anderson

Things change very rapidly and having a stroke on Dec. 26 has made new challenges necessary. I need therapy to get my speech faculties back. Please pray for this important part of my life. However I can pray and God hears even the prayers of those without speech! We keep on reminding everyone to keep praying for the work of TCM in 2012...the word is FORWARD for souls, personnel, new & established churches. Pray!
